He aha te tupu i Tirimoana! What's happening at Tirimoana!

Measles

There have been multiple cases of measles reported in the country. Measles is a dangerous disease that spreads easily and can affect anyone who is not immune. Please watch out for measles symptoms: fever, cough, runny nose, sore eyes and a blotchy rash. Being immune to measles means you are protected from getting infected and spreading the disease to other people. Please see the following [Measles Information Sheet](#) from Health New Zealand. If anyone in your whānau has measles symptoms keep them home and contact a doctor or Healthline urgently on 0800 611 116.

Classes for 2026

As we plan our classes for the 2026 school year, we require accurate enrolment data. If your child is currently in Year 0–5 and will not be returning to Tirimoana School next year, please notify the office by emailing office@tirimoana.school.nz.

PTA News

Our PTA will be meeting in the staffroom on Thursday 6 November at 7.00 pm. Please feel free to join us. Come and discuss with us the fundraising events for the rest of the year.

Year 6 School Camp

Our Year 6s have been having a fantastic time at Carey Park in Henderson Valley for their annual camp. Camps are valuable experiences for young people and is often the first time that they are staying away from home. We cannot run camp without the support of the parents who give up valuable time running activities and helping out in the kitchen and around camp – we thank them for their contribution!!!

Bottle Tops

The Year 3 syndicate is collecting bottle tops for a recycled art project. Please can you clean and save all your bottle tops and drop off to Room 22. We are after a variety of colours and shapes - milk, coke, soft drink bottle tops etc.

Specsavers

Make an appointment with your local Specsavers (free consultation for children under 16)

Children very often find it hard to explain their eye problems or aren't even aware they have a problem at all. We recommend children have their first eye test around ages 3 to 4 and regularly thereafter.

Look for these symptoms:

- Struggling with reading
- Squinting at TV or books
- Rubbing eyes a lot
- Complains of sore eyes or headaches.
